

Muscular Dystrophy – Motor Fleet Renewal – 1st August 2020

Existing insurer, QBE is the most competitive this year.

Terms are based on the current vehicle schedule declared to us and on there being no deterioration in the claims experience.

Please see below information as requested:

- Name of Insurance Company we will be going with - QBE
- Motor Fleet period of Insurance ie 1st August 2020 to 31st July 2021
- Motor Fleet amount for this period ex fees and levies levy – €15,275
- Fees and levies amount - Levy - €1,008.75, BHP broker fee - €200

QBE have confirmed that they will be allowing a return premium for the laid up period from 22/06/20 up to renewal date only. I wait confirmation of the amount of this.

In relation to endorsement ZZN005, this does apply to anyone who doesn't hold licence for 2 years. Anyone outside of this will have to be named. QBE will need a completed form (see attached) and copy driving license to process. There should be no additional premium for these, just increased excess (usually €1,000 instead of €500)
