

What this study about?

The **SAMPI** project is funded by the Temple Street Foundation to “Give a voice to the children and their families with Rare Diseases through **Sand Play, Art, Music, Photovoice, Interviews** and **Survey**. We are launching a Qualtrics web-based survey, and we are inviting eligible participants to take part in a survey.

Who can participate?

The study is open to adults 18 years or older parents of a child with a rare disease, a resident in the Republic of Ireland and receiving healthcare provisions.

What will I be asked to do?

You will complete a web-based survey. The survey will ask questions about supportive parental needs while caring for a child with rare diseases. The survey takes approximately 10 minutes to complete.

Who can I contact?

You can contact us via email suja.somanadhan@ucd.ie for more information about the project or whether your child can take part.

Research Team

University College Dublin

Dr Suja Somanadhan
Prof Thilo Kroll
Dr Helen McAneney

Trinity College Dublin

Ms Aimee O’Neill

Experts panels

Prof Philip Larkin, University of Lausanne, Switzerland
Prof Lisa Gibbs, University of Melbourne
Dr Lemuel Pelentsov, University of South Australia

CHI at Temple Street
